

## Pressure Redistribution Mattresses

*Optional Perimeter Rails  
Mattresses available in multiple sizes*

**GMF 300**

- Multi-tiered pressure redistribution mattress with top layer of high density and high resilient die-cut foam in the torso and head sections offers unparalleled pressure redistribution.
- The sloped heel section combined with open cell memory foam reduces pressure and increases blood circulation by redistributing the load from heel to the less vulnerable lower leg.
- Stretch nylon top cover reduces perspiration and provides a low shear friction surface that is anti-microbial and fluid resistant.
- Weight Capacity: 350 lbs.
- Warranty: Core; 7 Year Non-Prorated. Cover; 2 Year on Mfg. defects.

**300-81032 36" x 80" x 6"**

**\*\*Additional sizes available\*\***

### Gel Infused Foam

**GMF 500**

The **GMF 500 with (VGPT)<sup>™</sup> Visco Gel Polymer Technology** is a revolutionary support surface that provides unprecedented pressure redistribution, rapid heat dissipation, and vast increases in breathability compared to traditional foam.

- Reduces occurrence of pressure sores by channeling heat away from the body significantly faster than traditional foam, virtually eliminating perspiration.
- Superior pressure redistribution is delivered by providing more support and less cradling at higher levels of compression, redistributing pressure over a large surface area eliminating static fatigue.
- Protects vulnerable heel area with a 30 degree slope redistributing pressure to the entire leg and away from the heel.
- Weight Capacity: 450 lbs.
- Warranty: Core; 15 Year Non-Prorated. Cover; 2 Year on Mfg. defects.

**300-81052 36" x 80" x 6"**

**\*\*Additional sizes available\*\***

### Bariatric

**GMF 600**

- Top-layer of high resilient high density foam provides optimal support and comfort for your Bariatric patients.
- Foam bottom layer is made of ultra high density high resilient foam which provides unprecedented patient support and stability.
- Stretch nylon top cover reduces perspiration and provides a low shear friction surface that is anti-microbial and fluid resistant.
- Bottom Cover: Triple laminate vinyl; fluid resistant; anti-microbial/anti-bacterial; fire retardant.
- Weight Capacity: Up to 1000 lbs.
- Warranty: Core; 1 Year Non-Prorated. Cover; 1 Year on Mfg. defects.

**300-81062 42" x 80" x 6"**

**\*\*Additional sizes available\*\***

**GMF Aire  
4000DX**

- Low air loss and alternating pressure therapies in one system.
- Adjustable weight settings allows pressure to be customized according to each patient's therapeutic requirements.
- Preset 10 minute alternating cycle.
- Static function for safe and easy patient transfer.
- Audio/visual low pressure alarm indicates airflow may be compromised.
- Weight Capacity: 400 lbs.
- Warranty: 2 Year Non-Prorated.

**300-80040DX 36" x 80" x 8"**

**\*\*Additional sizes available\*\***
